For consecutive stays of at least two nights

Availability on request

With the exclusion of trade fair and conference periods

Just a short distance from Genoa there is a world of wines, flavors and villages waiting to be discovered. Hills and vineyards alternating with castles and historical places: this is the landscape that presents itself to the gaze of visitors who visit the Langhe which, together with Roero and Monferrato, became part of the UNESCO World Heritage Sites in 2014. This area of Piedmont, between Asti and Cuneo, offers a succession of spectacular panoramas famous throughout the world.

And in the heart of the Langhe, in Barbaresco, the Cortese Giuseppe company presents itself as a true excellence in the panorama of historic vineyards, proposing a beautiful family history that has been going on since 1971. The proposed tour will take you inside the “Cortese Giuseppe” company, to discover the views of the vineyard and the production process. The experience will culminate in a tasting of the 7 wines they produce. The tour lasts approximately an hour and a half, and takes place on request, with the exception of Sundays.

Hotel Bristol Palace, in the heart of Genoa, is the iconic 5-star hotel famous for the grand staircase that inspired Alfred Hitchcock. Located in a superb Art Nouveau building and completely renovated in the last few years, the hotel offers luxurious and elegant rooms, a garage with valet parking (upon reservation), and a wonderful food and wine offer at the Giotto Restaurant which boasts a lovely outdoor terrace.

The offer is valid for a limited number of rooms and upon request for availability.
